To: Parents and Students of Bailey Bridge Middle School

From: Teachers and Administrators

Date: September 6, 2013

Subject: E-readers in the classroom

Students are allowed to use selected E-readers in school with a few specific guidelines. Please read the following carefully and contact your student’s language arts teacher or grade level administrator if you have any questions or concerns.

1. Students may use their Kindle, Nook, i-Pad, i-Pod or i-Touch in class for reading assignments. Cell phones of any kind, including i-phones, may not be used.

2. Students may only use these devices during structured SSR time with the permission of a teacher.

3. Students may only bring their device to their English class. After SSR, it must be returned to the student’s locker and stored in the student’s book bag.

4. Bailey Bridge Middle School, including all faculty and staff, are not responsible for theft or damage that may result from using the device in school.

5. If teachers suspect an issue with an E-reader, they may ask the student not to bring it to school or refer the student and device to an administrator.
